

### What is the hybrid taxi rebate?

Climate Change Central and the Government of Alberta are working towards improving fuel efficiency in Alberta. The provincial government is providing up to \$3,000 in rebates to Alberta taxi owners/operators for the purchase of a new gasoline-electric hybrid vehicle for use as a taxi. Potential rebate amounts vary for each of the eligible hybrid vehicle models to encourage taxi owners/operators to purchase the most fuel-efficient vehicles. To see a chart outlining the eligible models and respective rebates, click [here](#).

### How do I know if I'm eligible?

Please refer to the [Application Requirements](#) to see a full listing of the prerequisites to receive the rebate.

### How do I apply for the rebate?

Please refer to the [How to Apply](#) link for a full description of the application process.

### Can I apply for more than one hybrid taxi rebate?

Yes. For each new gasoline-electric hybrid vehicle you purchase and register for use as a taxi in Alberta, you are eligible for a rebate up to a maximum of ten vehicles per company. A separate application is required for each gasoline-electric hybrid vehicle.

### Are used hybrid vehicles eligible for the rebate?

No.

### Why am I required to decal my vehicle?

The rebate for hybrid taxis is part of a larger public awareness campaign called [Hail a Hybrid](#). As part of the Application Terms and Conditions of this rebate, all participants must attach a Hail a Hybrid decal to the hybrid vehicle for the first 12 months of operation. This helps raise awareness of the program and in turn provides taxi companies with advertising of their participation in progressive alternative transportation.

### When can I expect to see my money?

Allow at least eight weeks to process your application and deliver your rebate cheque upon approval. Online applications are processed the quickest resulting in a shorter wait time for your rebate cheque to arrive in the mail. If you apply online and choose to set up an account with Climate Change Central, you will be able to track the progress of your application from start to finish.

### I still have a question. Whom can I contact?

Email your inquiry to [myrebates@ClimateChangeCentral.com](mailto:myrebates@ClimateChangeCentral.com). Please allow two business days for an email response. You may also phone our call centre Monday to Friday (8am - 6pm MT) at 1-888-537-7202.
